PROFILE

Highly skilled React Native developer with 3 years of experience in building responsive, high-performance mobile apps for Android and iOS. Proficient in Mobile Application Development, Web Development, React Native, React.js reusable components, and collaborating with cross-functional teams to deliver scalable solutions.

EXPERIENCE

ExcellencePort   *Nashik, India*
React-Native Developer   Aug 2022 – Present

- Developed interactive cross platform mobile Applications using React Native technology.
- Forged strong stakeholder relationships by driving new initiatives, achieved project goals and annual renewals
- Demonstrated strong problem-solving and working with cross-functional teams.
- Team Collaboration, Problem Solving, Effective Communication, Adaptability, Time Management, Attention to Detail, Accountability, Agile Mindset.

PROJECTS

Dial-a-Ride-Rider – (South Africa)

Proxima Insights Pty Ltd

- Designed and developed a fully responsive cross mobile app for Dial-a-Ride, enabling people with disabilities to schedule kerbside transport. Addressed key challenges such as real-time driver tracking, navigation, and system responsiveness using custom Native-Modules and map integration.
- React Native, Native-Modules (for Picture-in-Picture), Google Maps, NextBillionMap, WebSocket (SignalR), REST APIs, JWT Authentication, React Navigation, Firebase Cloud Messaging (Push Notifications).
- App-Store-Link : https://apps.apple.com/in/app/dar-rider/id6738644046
- Play-Store-Link : https://play.google.com/store/apps/details?id=com.dialaridemobi

Dial-a-Ride-Driver – (South Africa)

Proxima Insights Pty Ltd

- Built a responsive cross mobile app to connect drivers and riders in a kerbside transport system for people with disabilities. Implemented features to allow drivers to manage a waybill with multiple pickups and drop-offs, ensured seamless real-time location sharing, and designed an intuitive UI with accessibility in mind. Developed the entire app lifecycle from requirement analysis to deployment.
- React-Native, NativeModules (for Picture-in-Picture), Google Maps, NextBillionMap, WebSocket(SignalR), REST APIs, JWT Authentication, React Navigation, Firebase Cloud Messaging (Push Notifications).
- App-Store-Link : https://apps.apple.com/in/app/dar-driver/id6467397594
- Play-Store-Link : https://play.google.com/store/apps/details?id=com.dialaridedriver

Digi-Exam – (Zambia)

Digital Plus Ltd Zambia

- Developed a mobile app that allows schools to create and distribute academic tests, and enables students to take exams online, view their scores, and track performance through interactive graphs. Led the end-to-end development process, ensuring a user-friendly and scalable solution.
- React-Native, React Navigation, REST APIs, Chart Libraries (for performance graphs).

WIREPICK-(FISP)– (Zambia)

Digital Plus Ltd Zambia

- Developed a mobile app to help farmers receive government subsidies on pesticides through a unique ATD number system. Enabled agents to verify and process subsidy claims using the ATD number.
- React Native (Class Component), JWT Authentication, REST APIs, React Navigation.
- Streamlined subsidy withdrawal process for farmers via agent-based ATD verification.

LUS - (Land Use Scheme) – (South Africa)

Proxima Insights Pty Ltd

- Built a cross mobile survey app to collect land data across district, provincial, municipal, and regional levels for agriculture, land reform, and rural development initiatives.
- React Native, REST APIs, React Navigation.

CDF - (Constituency Development Fund) – (Zambia)

Digital Plus Ltd Zambia

- Developed a mobile app that allows constituency members to apply for loans, scholarships, and grants, with role-based access for verification and fund approval.
- React Native, REST APIs, Redux, React Navigation.

EDUCATION

Bhonsala Military College, Nashik

Savitribai Phule Pune University   *Nashik, India*

Master in Computer Science   2018 – 2020

Bachelor in Computer Science   2015 – 2018

SKILLS

Technical: React Native, Reactjs, HTML, CSS, Nodejs, JavaScript, Nextjs, Bootstrap.

Tools: Redux, Xcode, Android Studio, Firebase, RESTful APIs, Context API, Flipper, AsyncStorage, Bitbucket and github, Responsive UI Design, RESTful APIs, JWT Authentication, VS Code, Postman.

PERSONAL INFORMATION

Martial Status : Single

Location : Nashik, Maharashtra, India

Languages Known : English, Hindi and Marathi
